[REDACTED]
Letter of Appreciation to my attending doctor and staff

Dear Sir

The Director
General Hospital Amfissa
Greece.

Dated 21th June 2019

My name is [REDACTED] and a Malaysian who was on my way to Delphi when suddenly I suffered a heart attack. I managed to arrive at General Hospital Amfissa and was attended by your good and highly professional doctors before putting me in an ambulance to Elpis Hospital, Athens.

Here, I would like to render my deep appreciation to Dr Pafilias Anastatios, the doctors and staff who stabilised me. The doctor who accompanied me in the ambulance and the drivers who must have driven 130 or more km/hr to arrive at Elpis General Hospital.

God bless each and everyone of you.

yours sincerely
